

Customer Newsletter

June 19th, 2013

Minneapolis (USA), the new Air France-KLM-Martinair Cargo summer destination from Paris CDG.

Dear customer,

In order to respond to the customers' extra need for capacity during the months of June, July and August, Air France-KLM-Martinair Cargo has inaugurated a daily service between Paris-Charles de Gaulle (CDG) and Minneapolis-Saint Paul (MSP), one of the main hubs of Joint Venture partner Delta Airlines. The Company operates this seasonal service until September 1st, 2013. Flights are operated by an Airbus A340. This service, together with the daily capacity that we are already offering from Amsterdam, will enlarge the possibilities that we can offer to our customers to, from and beyond Minneapolis and enables smooth access between the Delta and AF-KL-MP network.

Flights details:

| From | To | Day of operation | Departure | Arrival | Aircraft type |
|------|-----|------------------|-----------|------------|---------------|
| CDG | MSP | Daily | 13.50 | 16.00 | Airbus A340 |
| MSP | CDG | Daily | 20.00 | 11.25 (+1) | Airbus A340 |

Should you require any additional information or to make a reservation, please contact your local Customer Service or Sales representative at Air France-KLM-Martinair Cargo.

Sincerely yours,

Mattijs ten Brink
 Senior Vice-President Sales & Distribution
