## Air France Cargo restrictions on UN3090 RLM

Dear customer,

Effective June 15<sup>th</sup>, 2014, Air France Cargo will not accept UN3090 RLM (Restricted Lithium batteries) for carriage, both on passenger and freighter aircraft.

This measure is applicable on Air France flights only and is not limited in time.

KLM and Martinair services are not impacted by this restriction.

Air France-KLM-Martinair Cargo would like to apologize for any inconvenience this may cause your cargo business.

Should you need more information, we invite you to [contact](#) your local customer service organization.

Yours sincerely,

Eelco van Asch  
Senior Vice President of Sales & Distribution  
Air France-KLM-Martinair Cargo
