Booking

As KL can not handle all Pharma COL in combination with DGR, a restriction has been set in the AFLS system.

A booking request incorporating a KL leg, will generate the error message "HR7007 DGR/Pharma2 combination not allowed on KL" exception for combinations as given on the right side of the slide.

Pharma 2/8°C COL+DGR combinations not mentioned as per above are not allowed until further notice → alternative solution is to book Pharma 2/25°C PIL+DGR

Pharma 2/8°C COL+ICE is allowed

Following Variation / Cohesion Pharma products can be booked combined with Dangerous Goods :

- ACT / PCT Pharma Active and Passive (see slide 4)
- PIL Pharma Control 2/25°C
