Cargo Operations back to normal at Paris and Amsterdam

Dear customer,

Weather conditions at our hubs have improved as forecasted. Our operations are back to normal, both inbound and outbound.

The backlog in transporting your shipments, due to snow fall on Sunday, is being cleared today and at the latest tomorrow.

We apologize for any inconveniences caused. Please contact your local customer service contact if you have questions about your shipment.

Sincerely yours,

Mattijs ten Brink

Senior Vice President Sales & Distribution
Air France-KLM-Martinair Cargo
